

Good morning! Final day!

Grab some breakfast & Ashley will begin at 9:30 am!

Network: "Institute Guest"

Password: "sounders"

- Feel free to make yourself comfortable by standing up, stretching, etc.
- Fidget toys available!
- Questions: Ask at any time
 - Verbally
 - Sticky note wall

At this workshop

Monday	Tuesday	Wednesday	Thursday
Introduction to the Allen Institute & Python	Using Python in Neuroscience	Using Python with Allen Institute Data	Implementation & Next Steps
Introduce use cases for coding, learn basics of python, and unpack coding pedagogy	Introduction to common packages used and work through an existing lesson; unpack coding pedagogy	Dive deeper into using Python to analyze Allen Institute data through multiple existing lessons; unpack coding pedagogy	Learn more about how to do this at your institution and plan next steps

Desired outcomes

- 1 establish a growth mindset with regard to computer programming
- 2 provide resources so that you could teach an existing lesson that incorporates Python
- 3 start you on the path toward eventually designing your own lessons that incorporate Python

Reminder: resource locations

Our participant materials folder:

https://drive.google.com/drive/folders/1Tjc8QeB8D39LRHOgOzPXvXMmDRtWqVeC?usp=drive_link

- in the resources folder there is a google doc where the resources on the green sticky notes have been typed up—feel free to add additional resources as you find them to share with each other!!

Today's agenda

Breakfast + How to Talk to your
Research IT Department (Ashley)

9:00 AM - 9:30 AM

Resources for creating your own Jupyter
notebooks (Ashley)

9:30 AM - 10:00 AM

Working Time (Planning & Next Steps)

10:00 AM - 12:00 PM

Lunch

12:00 PM - 1:00 PM

Working Time (Planning & Next Steps)

1:00 PM - 2:30 PM

Wrap up & farewell!

2:30 PM - 3:00 PM

End of week reflections

- What was the most useful thing you learned this week?
- What was the most surprising thing you learned this week?
- Other questions?

Follow-up

Fall 2025 zoom check-in: look for scheduling e-mail

Spring 2026 zoom check-in: look for scheduling e-mail

Other opportunities to gather:

- **SfN 2025** (November 15-19, 2025, San Diego, CA)
 - Rachel Penton, Ashley Juavinett, and Bill Grisham will all be presenting in a Professional Development Workshop on Open Educational Resources
- **FUN Summer Workshop** (July 15-19, 2026, North Central College, Naperville, IL)
 - Allen Institute is partnering with FUN to hold an event (details TBD)
